

UCARE *LevelUp Webinar*

Sept. 22
2021

3:00-4:30
PM CEST

SOLAR URTICARIA AND ITS DIFFERENTIAL DIAGNOSES

The overall aim of this webinar is to improve the management and awareness of solar urticaria and its differential diagnoses by learning about the clinical spectrum of UV-light induced skin diseases - taking into a special account the diagnostic work-up and treatment of solar urticaria and erythropoetic protoporphyria.

FACULTY

Prof. Dr. Marcus Maurer
Charité, Berlin, Germany

PD Dr. med. Karsten Weller
Charité, Berlin, Germany

Lea Kiefer
Charité, Berlin, Germany

Prof. Lesley Rhodes
University of Manchester, Manchester, UK

MODERATION

Marcus Maurer, Lea Kiefer

- | | |
|-----------|---|
| 3:00-3:05 | INTRODUCTION
<i>Marcus Maurer</i> |
| 3:05-3:30 | THE SPECTRUM OF UV-LIGHT INDUCED DISEASES
Questions & Discussion 10'
<i>Lea Kiefer</i> |
| 3:30-3:55 | SOLAR URTICARIA AND ITS DIFFERENTIATION FROM OTHER PHOTODERMATOSES
Questions & Discussion 10'
<i>Lesley Rhodes</i> |
| 3:55-4:20 | EPP- AN OVERVIEW ON DIAGNOSIS AND THERAPY
Questions & Discussion 10'
<i>Karsten Weller</i> |
| 4:20-4:30 | EXPERT ROUND TABLE
<i>All faculty</i> |
| 4:30 | End of webinar |
